TAPES-TRY

DEDICATION

Mr. Gary Crook

It is with much gratitude and many fond memories that we the class of "74" dedicate this, our great yearbook, to Mr. Gary Crook. As one of our former advisors, he was always ready to work hard for the betterment of our class. Mr. Crook was truly dedicated to his work here and the students he taught. He will always be one of the most colorful and meaningful threads in our tapestry at AHS. For the pleasure and privilege of knowing him and of working with him, we would like to thank him with this dedication.

Tapestry

Carole King

My life has been a tapestry of rich and royal hue
An everlasting vision of the everchanging view
A wondrous woven magic in bits of blue and gold
A tapestry to feel and see, impossible to hold
Once amid the soft silver sadness in the sky
There came a man of fortune, a drifter passing by
He wore a torn and tattered cloth around his leathered hide
And a coat of many colors, yellow-green on either side
He moved with some uncertainty, as if he didn't know
Just what he was there for, or where he ought to go
Once he reached for something golden hanging from a tree
And his hand came down empty
Soon within my tapestry along the rutted road
He sat down on a river rock and turned into a toad
It seemed that he had fallen into someone's wicked spell
And I wept to see him suffer, though I didn't know him well
As I watched in sorrow, there suddenly appeared
A figure gray and ghostly beneath a flowing beard
In times of deepest darkness, I've seen him dressed in black
Now my tapestry's unravelling; he's come to take me back
He's come to take me back

Our lives have been a tapestry of moments and memories now
woven into the past. This book represents the bits and
pieces that have made up our lives in the past 4 years. Now
we will go on and add in our individual ways weaving an over-
all picture.

"Vossy" likes days when everything goes right, being with people who love to have fun, and peaches. Happiness to her is being with people who care, especially the one you love. RETIRED SUPERINTENDENT OF SCHOOLS

Mr. George R. Austin

True worth is in being, not seeming, —
In doing, each day that goes by,
Some little good — not in dreaming
Of great things to do by and by.
For whatever men say in their blindness,
And spite of the fancies of youth,
There's nothing so kingly as kindness,
And nothing so royal as truth.
We cannot make bargains for blisses,
Nor catch them like fishes in nets;
And sometimes the thing our life misses
Helps more than the thing which it gets.
For good lieth not in pursuing,
Nor gaining of great nor of small,
But just in the doing, and doing
As we would be done by, is all.

There is a mystery too deep for words;
The silence of the dead comes nearer to it,
Being wisest in the end. What word shall hold
The sorrow sitting at the heart of things,
The majesty and patience of truth!
Silence will serve; it is an older tongue:
The empty room, The moonlight on the wall,
Speak of the unreturning traveler.

"MECA"

Having been started four years ago, the MECA program is at an end. Many people didn't believe that the program would last. We have had many problems but have surmounted them. The nineteen of us graduating would like to thank Mr. Oliveira and Mr. Souza, our teachers, and all the others for not giving up hope in us. We also want to thank the two schools involved with us on this program for their cooperation in helping us acquire a high school diploma. We hope that our program shows that students, teachers, and the schools can cooperate and achieve great things together.

Our thanks to all!
